

WEST SCRANTON

WHEELMEN'S NEW ALLEYS

WILL BE FORMALLY OPENED THIS EVENING.

Exhibition Game Will Be Played by the Black Diamonds and Green Ridge Wheelmen—Harvey-Jones Wedding—Three Funerals Yesterday—Accident at the Diamond Mine—Ladies' League Fair and Festival Opened—Events of This Evening—Notes and Personals.

An event which has been looked forward to with a great deal of interest will occur this evening, when the new bowling alleys of the Electric City wheelmen will be opened for the first time. Ever since the club took possession of their present quarters on Jackson street the boys have labored untiringly to bring about this feature, and now that their work is about completed, a full measure of praise should be meted out to them.

The culmination of such an immense undertaking has developed upon all of the members, but to W. Hayden Evans belongs special credit for individual work, which he has performed in connection with the renovation and equipment of the club house. For several weeks he has given his time to bringing about the completion of the work, and the task has been very trying indeed.

The entire ground floor of the building has been remodeled in order to accommodate the alleys. An addition of twenty feet or more has been added to the building, giving room for two alleys and a longer run-way than any other club in the city. The bath and toilet rooms have been changed, and a steam heating plant installed in the basement.

There is also ample floor space for spectators alongside the alleys, where several hundred can easily be accommodated at one sitting. The alleys are the best that can be built, and were installed by Steffen & Sons, of New York, whose men have been at work in the club house for several weeks.

At the formal opening this evening there will be the club members and a large number of invited guests. The Electric City wheelmen aim to establish a business and professional men's club in West Scranton, second to none in the city, and it is safe to predict that before another year rolls around the representative men of this side will be identified with them.
